Opening Ceremony

The opening ceremony was a great hit. It started off with a parade from the courts up teachers drive, across Victoria Ave and down dragon drive to the field. The anthems of the countries were playing. Then a man called Oliver Bowman showed us some impressive moves with the soccer ball like balancing a drink bottle (empty of course) then he got the soccer ball and balanced the soccer ball on the drink bottle that was on his head!!

He did heaps more it was amazing!! After that the opening game began Argentina vs Spain. The atmosphere was tense everyone was hoping that their team would win.

Halfway through the game Argentina scored. Then after that goal no one scored Argentina was good at attacking and Spain was good at defending. So in the end Argentina won 1-0 and Spain was devastated and Argentina was proud they had won.
