

SENIOR SCHOOL

Term One Highlights...

WOW! Term One has come and gone. Thank you to everyone who helped us out in the classrooms, on our trips and on our camp. You have all made the 2010 year start in a hugely positive way.

CAMP was obviously a HUGE event for our Year 6 students. Here are some pictures of the sorts of things they did.

We wouldn't have had our camp without the support of all of our parents.

Term 2 sees a change in staff in the senior school. A big WELCOME to Mrs Libby Henriksen who has stepped in to Room 6.

The Key Competencies and Values for Term 2 are Participating and Contributing along with the value of Respect. Ask and discuss with your child how these could relate to their daily lives.

Inquiry Based Learning for the term will focus on the history of New Zealand from 1840 through the present day. We will be concentrating our studies where possible on Auckland city. Check out MOTAT's website www.motat.org.nz and go to the EOTC section to see what we'll be looking at. If you're available to help on the trip days please inform your child's teacher.

Year 5 Camp at M.E.R.C. This promises to be another amazing opportunity for our students. Check out the M.E.R.C website www.merc.org.nz to see where our Year 5 students will be camping.

Another focus area for us this term is our environment. To coincide with environmental awareness week we will be having a Green Day, where we encourage walking to school, rubbish-free lunches and generally looking after our environments. Please feel free to come along and share these events with your children.

With this being such a long and wintery term we welcome and appreciate your involvement in our class activities.

Please do not hesitate to contact us if you

are able to assist us in any way. Thank you for your support,
